## Media Release

### Karger Publishers Starts Collaboration with Saudi Ministry of Health

**Karger Publishers is starting a collaboration with the Ministry of Health in Saudi Arabia. In line with the Saudi "Vision 2030" the objective of the project is to foster Saudi standards in research and publishing.**

The "Vision 2030" project comprises around 50 hospitals in the Kingdom of Saudi Arabia under the umbrella of the Ministry of Health and marks the starting point for a long-term partnership.

Karger Publishers, in close cooperation with General Electrics Health Consultants, managed to position itself as an agile, personal, reliable, and experienced partner to the Ministry of Health.

The project has been structured into five phases, including extensive quality checks of the materials at hand, human capital development, the development and management of a national partner publication (name to be defined) and performance measurements.

"Together with General Electrics Health Consultants, Karger Publishers has managed to step into the Saudi Arabian market, introducing services along the complete cycle of knowledge, and positioning ourselves as the service provider of choice for all research and publishing needs," says Daniel Ebnetter, CEO of Karger Publishers.

## About Karger Publishers

Karger Publishers is a worldwide publisher of scientific and medical content based in Basel, Switzerland. It is independent and family-led in the fourth generation by Chairwoman and Publisher Gabriella Karger. Connecting and advancing health sciences since 1890, Karger has been continuously evolving, keeping pace with the current developments and shifts in research and publishing. The publishing house is dedicated to serving the information needs of the scientific community, clinicians, and patients with publications of high-quality content and services in health sciences. Karger Publishers has 240 employees and is present in 15 countries around the globe.
